Comments from patrons after the Double Grande performance at the Gallo Center for the Arts, on February 1, 2011:

Patron: I have been coming to music presentations for over 50 years and nothing compares to this performance this evening. Bring them back.

Patron: This performance was wonderful. Hope you bring them back again.

Patron(and former board member) by phone a few days later: This performance brought me to tears. There were so many songs and clips that brought back memories. The energy of Deborah and Wayland was so high and their added humor only made the performance the best we have had in years.

Every chance I have to interact with MCCA board members and people in the community brings forth a comment about the performance of Double Grande that says how wonderful the performers were and the songs they sang were ones that sparked memories. On the basis of this one concert, some have said they will buy a season subscription for next year because they know that MCCA only brings quality performers to the area.

The cantaloupe were hilarious! MCCA board member (one of many who made that comment.)
