Dear Deborah and Wayland:

BRAVO!

The show you provided for the annual awards banquet of the Bob Hope Hollywood USO last week in Los Angeles was **A**mazing, **B**reathtaking, **C**harming, **D**elightful, **E**xciting, **F**antastic, **G**lamorous, **H**ilarious, **I**nspiring... I could run through the alphabet a thousand times and still barely find enough letters to make up the accolades that the two of you earned and so richly deserve.

The brave, young, American warriors and our fabulous USO volunteers from throughout the Greater Los Angeles region were absolutely spellbound throughout your show. From the downbeat through your fourth standing ovation you brought us through the soundtrack of our lives. As a longtime Hollywood television and USO Show producer I was treated, that evening, to one of the finest and most enjoyable entertainment programs that I have ever been privileged to behold!

Not a single member of the audience was able to break away from the spell that you two brilliant entertainers cast. This is the first time I can recall that we ended the evening with every member of the audience still glued to their seats until it was time to leap up and salute you with excited and extended applause.

The Double Grande experience will be the standard to which all future shows I produce or present will be held.

Our sincerest appreciation to you for providing a truly memorable experience for everyone.

Warmest personal regards,

Mike
